How to create an Application

This page **MUST** be completed in order to generate an application.

This page must be completed in line with legislation as you are unable to request information on an individual's criminal history unless you are legally entitled to do so.

You should only select access to the Barred Lists if the applicant meets the criteria defined as regulated activity.

All individuals requiring a DBS check are encouraged to be registered on the DBS Update Service. Once registered, an employer can continually check the status of a person's criminal check and also allow the criminal certificate to be used for other roles in employment or volunteering.

Once an application has been created, return to the 'Applicant Search Screen' and locate the required application.

There are two stages to every application.

Stage 1 - complete the application form

Stage 2 - complete ID validation

Stage 1 can be completed by the applicant or employer. Stage 2 can only be completed by the employer/ appointed person

Stage 1: If you would like to complete the application on behalf of the applicant please click the application form pencil .

In order for the DBS and local police forces to clearly understand the role of the applicant and the individuals they will be working with, it is now mandatory to state the 'Workforce' in the application. This allows the police to determine the relevance of disclosing information which may be needed to be considered when assessing a person's suitability for a job. This change took effect in June 2013.

Please select the workforce according to the type of people the applicant will be working with. If working within such industries as Security, please select 'Other'.

ID Validation

Not all fields are required for completion.

However, you must ensure the individual is who they say they are, and follow the Home Office guidance notes provided in your original registration pack. If the system requires further information or detects an error you will be alerted to this.

A common error with ID validation is the driving licence. For example a driving licence details a person's surname, gender, date of birth, initials, etc. In order to check the licence number is correct it will check it against the information entered into the earlier part of the application. Therefore, it is strongly recommended that you check the first and middle names are entered into the correct section to ensure the driving licence number matches the information provided.

Additional Options

List 99 Check

The Department for School Children and Families (formerly DFES) List 99 database, contains details of people whose employment has been barred or restricted by the Secretary of State for Education and Skills under the terms of the Education (Restriction of Employment) Regulations 2000, and previous regulations. It also contains details of people who have been barred from teaching in Northern Ireland and removed from the Register of Teachers by the General Teaching Council for Scotland. People in these categories are not barred from employment in England and Wales. The database also includes people who are shown on the Department of Health Protection of Children Act (1999) List (POCALIS). Anyone who appears on POCALIS will also have been barred by the Secretary Of State for Education and Skills, and therefore will be included in the search. Local authorities, schools, and further education institutions must check the List before confirming a person's appointment in order to ensure that they do not appoint someone whose employment by them is prohibited. List 99 is a sensitive and confidential document and access to it is strictly limited to individuals responsible for checking the suitability of applicants. It should be emphasised that not all those on the list are perceived to be a danger to children.

I confirm the cost of this clearance will be applied to your account and will be returned within less than 24 hours. Once completed, you will receive an email detailing the outcome. Additionally, this information will be documented in the comments section of the disclosure database.

Adult First Check

The Care Standards Act established a provision for the Department of Health to provide and maintain a list of people who it bans from working with vulnerable adults. Those employing people to posts that involve working with vulnerable adults may be able to request a check of the Vulnerable Adults' Barred list.

The Adult First check is a service exclusive to the health sector. Requests for such checks carry a strict criteria and are permissible only where it is necessary to take such action because of a real danger that staffing levels will fall below statutory obligations.

Once completed, you will receive an email detailing the following

- OPTION 1: 'Employer must wait for the CRB certificate'
- OPTION 2: 'No match exists for this person on the current Vulnerable Adults Barred list'

If the reply is Option 1, the details provided may have revealed either a potential or exact match to those of a person held on the Vulnerable Adults Barred list. Therefore you must wait for a CRB Certificate as the search of the Vulnerable Adults Barred list is inconclusive and further investigations are required to determine whether the person is or is not on the list.

ISA Adult First checks are available in only very exceptional circumstances. For England these are described in Department of Health (DH) guidance as, where a care worker may be allowed to start work in a care home, for a domiciliary care agency, or as an adult placement carer before a CRB check has been issued. In Wales, the provision only extends to care homes and nursing agency workers.

The Care Quality Commission and the Care Standards Inspectorate for Wales, will monitor applications for ISA Adult First checks to ensure compliance with this criteria.

I confirm the cost of this clearance is £10 (incl VAT) and will be applied to your account. Once completed, you will receive an email detailing the outcome. Additionally, this information will be documented in the comments section of your disclosure database.

CBS aim to issue 98% of Adult First results within 24 hours and 100% within 48 hours (weekends and bank holidays are excluded).

An Adult First Check can only be requested after the DBS has Acknowledged the Application

COMMENTS This box will retain a running audit trail of the events of every application submitted. Once the disclosure is completed this box will hold the disclosure information, reference number, status, etc.

List 99 checks & DBS Adult First Checks. Some organisations require access to these checks in advance of receiving the completed criminal disclosure. In order to access this service, please select the appropriate pencil.

If a person has a criminal history the following five steps will take place:

- Employer receives an email notifying them criminal information is held (as displayed on previous page)
- Applicant receives an email advising them to provide certificate to employer urgently (see below)
- Employer will continue to receive alerts to view criminal certificate
- On receipt of criminal certificate employer notifies the system and also adds a comment (if required)
- The audit trail is updated and process completed

Criminal Information

Step 2

Dear Joe Tester

Please be advised your criminal certificate has been completed by the Disclosure and Barring Service and will be sent to your home address shortly.

Your employer has been informed the disclosure process is complete and information is contained on your criminal record.

Your employer requires a copy of your certificate in order to assist in determining your suitability for the role applied.

Please provide your disclosure certificate to your employer promptly to avoid delay and begin your employment at the earliest opportunity.

Regards,
Disclosure & Barring Team

Step 3

Please be advised our records indicate the following individual(s) are in receipt of their criminal disclosure certificate:

Surname: TESTER Forename: JOE

As previously advised the disclosure certificate details information provided by the DBS regarding the applicant's criminal history.

As the employer, it is recommended you contact the applicant to request a copy of their criminal disclosure certificate in order to determine their suitability for post. An email has also been sent to the applicant requesting they contact you to provide a copy of the criminal information.

We have introduced a process within the system to help you manage this process. Therefore, you will continue to receive this email until you notify us of receipt of the disclosure certificate.

Once you have seen/received the certificate please advise the us accordingly:

- Log into the DBS Database
- Search for the applicant
- Click on the status lists under 'Updating Service', eg. Inactive, Registered, etc
- Scroll to the bottom of the page and select 'Stop Reminder'

The audit trail within the system will record this action and stop further emails being generated.

Regards,
CBS Disclosure & Barring Team

We can help you manage this.

We appreciate that as the applicant only receives a hard copy of the criminal certificate it is difficult for employers to manage this and ensure sight of the criminal information while also retaining an audit trail of the events - We will help you manage this entire process!

Once an individual is registered on the scheme they would potentially never need another criminal check, their employer would never need to undertake the application process again.

If you would like to register to this service please do so via the **Main Screen (Applicant Search Screen)**

The Updating Service Process provides you with the ability to register applicants, upgrade your updating requirements, track updates and view a full audit trail from the point of registration.

The Update Service

Many organisations enhance their safeguarding procedures by registering individuals on the Updating Service.

This service provides employers with the ability to continually access an individual's criminal disclosure to ensure there has been no information added, therefore, ensuring the continued suitability of the candidate.

The Update Service

This page allows you to:

- Request registration to the Updating Service
- Upgrade your rechecking requirements
- Track all status checks View the audit trail

DBS Updating Service

The Disclosure and Barring Service (The DBS) is able to register an individual on to a scheme which allows CBS to continually check their criminal record to ensure no change has been made to an applicant's disclosure certificate. In addition, you may not need to undertake any future criminal checks for this applicant. This service is designed to increase safeguarding and reduce administration and cost.

When creating an application for a DBS check, you have the option to request CBS apply onto this service.

Alternatively, you will have an option to request this when the disclosure is complete. You may require this service from CBS or ask the applicant to undertake the process themselves.

If registration is not made within 10 days, following completion of the disclosure, the applicant cannot be placed on the updating register.

| Updating Service | DBS Annual Fee* | CBS Annual Admin Fee (exc VAT) | Notes |
|---|-----------------|--------------------------------|--|
| Register applicant to Updating Service only | £13 | £3 | CBS will administer the registration process on your behalf allowing you to manually check the online register at your discretion. |
| Register applicant and undertake checking every quarter | £13 | £5 | CBS will administer the registration process and check the applicant's criminal record on a <u>quarterly</u> basis. You will receive a full audit trail detailing every search and written notification if the applicant has received a change on their criminal record. |
| Register applicant and undertake checking every month | £13 | £6 (£23p per month) | CBS will administer the registration process and check the applicant's criminal record on a <u>monthly</u> basis. "For many years the major flaw in CRB checks has been that they were only accurate on the day of issue. We now have a solution to combat this and increase the protection of the most vulnerable in our society. This service allows employers the peace of mind to continually check the suitability of their staff or volunteers."

The Update Service

We offer all users a Management Process to assist with a change in disclosure information.

If a person's has a change to their criminal record, the following five steps will take place:

- Disclosure Database will display the status as 'Changed'
- Employer receives an email notifying them criminal record has changed
- Employer will continue to receive alerts until they acknowledge notification
- Employer notifies the system and also adds a comment (if required)
- The audit trail is updated and process completed

The Chief Executive

"As Chief Executive of a Local Authority I welcome this service. It is vitally important that every public body places safeguarding at their forefront. We must show the public we do everything possible to ensure the safety of children and vulnerable adults in our care. We check our staff on a weekly basis depending on their position and can confidently show the public that all measures are in place to protect the most vulnerable in our society."

Private Care

"Every time we get a new helper we can go online and check their criminal history. Simple!"

The Teacher

"I look after parent's most prized possessions every day of my working life. It's vitally important they can be continually reassured their children are in safe hands!"

What does it mean to you?

The Temps

"We move from one hospital to another, sometime on a weekly basis. The HR personnel struggle to administer our entry because our agency has to provide our disclosure information. This is no longer a problem as we carry our criminal certificates and our employers can check it on arrival online. We start work straight away!"

The Parent

"As a single working parent, I rely on child care from a local nursery. There are so many horror stories out there but knowing our nursery are constantly ensuring the safety of my child is a huge relief."

The Volunteers

"We volunteer three times a week for different charities and groups in the area and need a different DBS check for each of them. Its ridiculous. We want to give our time to help out those less fortunate and we're tied up in red tape waiting for yet another criminal check to be completed. This new scheme is welcomed! We'll have only one criminal check that we can use for every organisation we work with."

The Update Service

What does it mean to you?

The Boss

"This service will save our organisation a fortune in the long run! No more criminal checks needed, no more laborious administration, no more delays to start in employment. It's a no brainer for our company."

The HR Manager

"Finally a system that manages my processes for me! DBS checks are a huge administrative headache. Hopefully this service means they will be a thing of the past allowing me and my team to focus on other areas within the department."

The Elderly

"I worry about getting older and trusting the people I will need to employ to help me lead an active life. This service helps me find reassurance that suitable characters are in my home."
